2024 AGUA DULCE FAIR

Planning and implementing a small town fair is not as easy as one might think, but **Patti Duce** certainly makes it look that way! It takes a lot of organizing and delegating, but without the “power” it wouldn't happen and it wouldn't be successful. No amount of THANKS can ever be too much to thank the volunteers that made it successful.

NOVEMBER & DECEMBER MEETINGS

The November meeting will be a potluck. If you have not already signed up to bring a dish, please email Anne at ADWCVP@gmail.com to let her know if you plan to bring a main, a side, or a dessert. The meeting will be mostly social.

The December meeting will include our induction ceremony. The club will be providing the meal. Everyone is encouraged to bring a gift valued at around \$20 to exchange. It should be something you would like to have. This is not the time to bring something you want to get rid of. We could have a white elephant exchange in January if everyone wants to, just let Anne know. That would give you the opportunity to exchange something you don't want for something someone else didn't want. Just so we are all clear on what a white elephant gift is "...amusing and impractical gifts are exchanged during festivities. The goal of a white elephant gift exchange is to entertain party-goers rather than to give or acquire a genuinely valuable or highly sought item. The term white elephant refers to an ... impractical gift that cannot be easily disposed of."

MONTHLY HOROSCOPE FOR ALL ZODIAC SIGNS

Planet Pluto is changing direction this month. Although the planet itself never travels backwards, it appears to do so from our perspective for several months every year. This “apparent” reverse movement will be ending on October 11 this year. What happens when an outer planet changes direction is that it appears to be stationary and locked in step with us for about a week. This gives us a heavy dose of this planet’s energy. As planet Jupiter also changes direction on the 9th, we will have this influence with us as well.

Pluto has a lot to do with deep power. It is, admittedly, a small planet, but its discovery around the same time as the invention of the atomic bomb (which was exploded with plutonium) makes it a force to be reckoned with. Jupiter, on the other hand, is the largest planet in our solar system and routinely expands what it touches. So look for some big happenings on our planet around and after the 11th. They could literally affect our foundations and carry some enduring manifestations.

We have a New Moon on the 2nd at 2:49 PM (EDT). After this, energy levels should increase until the Full Moon at 7:26 AM (EDT) on the 17th
